

An update from THE JOURNEY OF THE PEOPLE OF GOD

The Session, Journey Team, and the Vision Panel are currently meeting to write goals for each of the Key Result Areas identified on the left. These Key Results Areas were identified as those areas in which we need to achieve results if we are to live our vision. Goals are outcomes that will be achieved. They spell out what “done” looks like.

ALL CHURCH LEADERS MEETING

February 19—11:30—1:00 Session, Journey Team, and Vision Panel meet with leaders of all groups, and committees of the church to go over the process that will be used to develop activities to accomplish the established goals.

Questions: What do the Vision and Goals affirm that we are currently doing? How do the Vision and Goals call/challenge us to do what we currently doing in some new or different way? What one or two new priorities do the Vision and Goals prompt us to take up in the coming year? What church-wide priorities do we see that we will forward to the session?
